

## DEGREE COMPLETION PROGRAM

# BUSINESS ADMINISTRATION

BACHELOR OF SCIENCE

Students graduating from this program will gain a competitive edge in today's increasingly global market. Students will develop a broad-based business operations, as well as targeted areas in management, finance, strategy, business policy, and communications. This program is a combination of academic challenge and practical focus with a collaborative learning environment from high quality faculty.

Our graduates have taken on increased leadership roles as entrepreneurs, and at local employers such as Berkshire Health Systems, General Dynamics, Pittsfield Cooperative Bank, MassHire Berkshire Career Center, and graduate studies.

- Cohort-style learning provides peer support for students who are managing work and family demands.
- In order to apply students should have completed at least 30 transfer credits with a minimum 2.0 GPA.
- Classes are offered in Pittsfield and North Adams.
- 7 week sessions with meetings four hours per week (5-9 p.m. Monday-Thursday).
- Possibility to earn credit for life and work experience.
- By completing this program, you may be eligible to enroll in MCLA's Master of Business Administration (MBA) degree program.
- Financial aid is available to those who qualify. We offer more ways for you to learn college credit: Prior Learning Credits (PLC), College Level Examination Program (CLEP), internships, etc.
