

MCLA 2020 URC Showcase Page
4/8/20

Dear MCLA Community,

We are developing a MCLA 2020 URC Showcase Page, and we invite those students who are still interested and able to complete their research to share it with the community through this site. The site will have a discussion board forum dedicated to each department, as well as one for each proposed special session to which students can upload their work.

Since we are using canvas, we will need to enroll all student presenters and faculty, staff, and student participants by A-number. If you are interested in sharing your research or in viewing the Showcase Page as a participant, please include your name and A-number on the sign-up sheet: [MCLA URC Showcase Page Sign-Up.docx](#)

Thank you, and take care,

Jenna Sciuto, Chair of Undergraduate Research
Anna Jaysane-Darr, Associate Chair of Undergraduate Research
